Project Manager & Sr. Software Engineer

[01/07/2007 – Current]

As a founder I have held many positions within OPA Software Ltd. Recently I have delegated directorial responsibilities in order to focus on areas of personal passion such as software architecture, hand-on engineering, etc.

Positions Held:

2007 - 2009: Chief Executive Officer

2009 - 2012 - Chief Technical Officer

2012 - 2017 - Sr. Software Engineer

2017 - Current - Technical Project Manager & Sr. Software Engineer

Current Responsibilities:

- Managed two international teams of developers using Agile management techniques
- Worked mainly in C/C++/Rust software development in embedded systems and other limited resource environments
- Responsible for managing CI/CD integrations and general DevOps for my teams
- Extensive server configuration and administration in production for client services
- Experienced in Ansible automation and RHEL systems
- Experienced in Xen hypervisor virtualisation
- Very comfortable with Kubernetes and Docker deployment and optimisation
